Background

The Global Survivors Fund (GSF) was launched in October 2019 by Dr. Denis Mukwege and Nadia Murad, 2018 Nobel Peace Prize laureates. Its mission is to enhance access to reparations for survivors of conflict-related sexual violence around the globe, thus responding to a gap long identified by survivors. GSF acts to provide interim reparative measures in situations where states or other parties are unable or unwilling to meet their responsibilities. GSF advocates for duty bearers as well as the international community to develop reparations programmes. It also guides states and civil society by providing expertise and technical support for designing reparations programmes. GSF's survivor-centric approach is the cornerstone of its work.

Role Summary

The intern will be responsible for supporting the International Advocacy and Policy (IAP) team, conducting research, drafting, editing and formatting policy briefs and other documents. The intern will also be involved, as necessary, in supporting the organisation of events and meetings with partners and government representatives.

The International Advocacy and Policy team's work aims to influence global policy to prioritise reparation for survivors of conflict-related sexual violence, promote survivors' meaningful participation in reparation processes, reparation for children affected by conflict-related sexual violence and the sustainable financing of reparations.

This intern will support two organisational priorities: the **financing of reparations workstream (80%) and data migration support for the International Advocacy and Policy Team (20%)**. The intern will be based in London and work closely with the Senior Advocacy and Policy Officer (Financing Reparations), while liaising regularly with colleagues across the wider IAP team, as well as Programmes, Communications, and Operations teams as needed.

Intern Responsibilities

- Support the preparation and follow-up of meetings, consultations, and events related to reparations financing.

GSF Online / Knowledge Management – International Advocacy and Policy Team (20%)

- Upload advocacy contacts, documents and other data onto GSF Online.

Other responsibilities may include:
